Subject: RE: Response to 3/27/15 NOI_Phoenix Metroplex Project - Gonzalez & POC: Bianchi

Good day Ms. Gonzalez,
Thank you for forwarding the response on behalf of Ms. Jane Morris, Executive Director, Phoenix-Mesa Gateway Airport Authority. I have noted receipt of the comments, and requests. At this time, the FAA is in the early stages of gathering information in support of completing the Draft Environmental Assessment.

The FAA's primary mission is to promote the safe and efficient use of the nation's airspace. The Phoenix Metroplex Project will further this mission by improving the efficient use of navigable airspace through the implementation of optimized flight procedures serving major airports in the Phoenix metropolitan region. The Phoenix Metroplex Project does not seek to implement procedures which may result in significant noise or other environmental impacts. Please be assured that the potential for any noise impacts resulting from implementation of the Phoenix Metroplex project will be fully evaluated and disclosed as part of the environmental process.

Please refer to the Phoenix Metroplex Project EA website for updates and information as it is made available. The URL is: <http://metroplexenvironmental.com/>.

If you have any further questions or comments, please do not hesitate to contact me.
Thank you,

Marina Landis

Subject: Response to 3/27/15 Notice of Intent_Phoenix Metroplex Project

Ms. Marina Landis,

Attached is a copy of Phoenix-Mesa Gateway Airport Authority's formal response to the FAA's Notice of Intent dated March 27, 2015; original is forthcoming via USPS.

Regards,
Maria E. Gonzalez
Clerk to the Board of Directors
