TENANT IMPROVEMENT REQUEST

This form is to be used by Airport tenants desiring to undertake interior improvement or modification projects involving Airport Authority-owned buildings and other structures; please provide all requested information. If such projects will or may involve or have exterior building or signage components, require new construction that will change overall building or structure square footage or will result in a change to the buildings or structures approved functional use, please submit a Design Review Request (DRR).

For assistance in completing this Tenant Improvement Request (TIR), please contact:
